Here at TSIS, we’re all for forward-thinking music. But every now and again, we come across a timeless throwback banger that we cannot help but vibe to. That’s exactly what happened when we hit play on the new **Love Regenerator** and **Riva Starr** collab, “**Lonely**,” featuring **Sananda Maitreya**.

For those that don’t already know, Love Regenerator is the side project of **Calvin Harris**, who originally birthed the alias to “rediscover” the way he produced music over two decades ago. With a throwback-focused vibe and the help of house veteran Riva Starr, Harris has delivered one of our favorite Love Regenerator tracks to date.

The kicks on “Lonely” are huge. Paired with some euphoric piano vibes and the classic vocals of Sananda Maitreya, this is an immediate dancefloor weapon.

You can stream this timeless banger below. Enjoy!
